

University of KwaZulu-Natal Library, Pietermaritzburg

INTER-LIBRARY LOAN

Library guide

The University of KwaZulu-Natal provides an Inter-Library Loan (ILL) service to registered postgraduate students and staff, in order to obtain material not owned by this Library. Library subscribers may also use the service at a cost of R20.00 per request.

Please check the Pietermaritzburg Library catalogue for an item before requesting an ILL. Journal articles may also be found in some of the full text electronic journal databases subscribed to by the Library: see <http://library.ukzn.ac.za/HomePage718.aspx>

1. Requesting an Inter-library loan in person

Complete an Inter-Library Loan request card. Cards are available at the ILL desk at Cecil Renaud (Main) Library, or at the Issue Desk at Life Sciences and Law Libraries. Fill in the card in ink, using clear printing. Pink cards are used for books and green cards for journal articles. If an item that should be in the Pietermaritzburg Library appears to be lost, please state this on the card.

Requests are sent off within 24 hours

A maximum of five requests per user per day will be processed.

- Items requested from Durban should arrive within a week.
- Items requested from other South African libraries will take ten days or longer.
- It is possible to e-mail journal articles directly to users. Please speak to ILL staff about this option.

2. Requesting an Inter-library loan electronically

Inter-library loan requests for books and journal articles that are not in this Library can be submitted electronically using ReQuest on SABINET Online. Contact ILL staff on 033-260 5176 to register with ReQuest. Staff will assign a ReQuest user ID and password.

Using SABINET ReQuest:

SABINET Online is available at <http://www.sabinet.co.za/login.html>

On-campus users can click on Online Reference search under the heading IP Authentication

Off-campus users must enter the User ID and password (obtainable from a Subject Librarian).

At **Jump to database**, use the drop down menu to select **SACat**.

ReQuest only works in the SACat database which is the catalogue of books and journals in Southern African libraries.

The search screen defaults to a **Basic search**. For an **Advanced search**, click on **Advanced search** under **Search options** on the left hand side of the screen.

Type the title or keywords from the **title** of the book, thesis or journal (NB: NOT journal article) in the **Search for** box.

Use the drop-down menu on the same line to specify the field to search. Complete the appropriate remaining boxes to make the search more specific.

Click on **Search**.

The results will be displayed in Brief format. Click on the record's blue interactive link to display a record in Full format.

Scroll down to the heading **Holdings**. If the code 5800 appears, it means that the book or periodical is in the UKZN Library in Pietermaritzburg. **Do not request an Inter-Library loan for this item.**

When requesting a journal article, please check that the volume number required is reflected in the **Holdings** of at least one of the libraries listed. Then click on **Request** next to the heading **Inter-library loan** on the second line of the record.

Enter the ReQuest user ID and password assigned to you and click **GO**. A patron information form will appear on the next screen. Check that the details are correct.

When requesting a book, scroll to the bottom of the page and click on **Submit request**.

When requesting a journal article, complete the following fields: author of article, title of article, volume, issue, year and pagination. Click on **Submit request**.

Please check that the ILL service and item type are correct for the item required (book and journal)

After clicking on **Submit request**, you will be informed that the request has been submitted and a Request ID will be generated. Quote this number when enquiring about this request.

Contact the Inter-Library Loan staff at Cecil Renaud (Main) Library for further assistance.
Tel: 033-260 5176

3. Collecting ILL items

Books and theses

The pink request card will be sent to the user when the item is available to be collected. The item will be kept at the Issue Desk in the Library where the request was placed.

Journal articles

The green request card will be sent to the user when the article is available to be collected. Present the card at the Issue Desk at the Library where the request was placed in order to pay for the item.

4. Costs

Costs depend on the nature of the item and the library from which it is borrowed.

Books and theses

- South African university and technikon libraries do not charge for a book or thesis loan.
- Book loans from OCLC cost \$30.00.

Journal articles

- South African university and technikon libraries charge 60c per photocopied A4 page.
- Other South African libraries charge a minimum of R35.00 per item excluding VAT, this amount increasing per 15 pages photocopied.
- For details of fax charges, courier services and requests from the National Library of South Africa, contact the ILL staff.
- British Lending Library (BLL) charges £9.00 per of 1-100 pages. The exchange rate is calculated on the same day that the item arrives.

5. Renewing ILL books

Renewals can only be granted if requested before the date that the book is due back. Books can only be renewed by ILL staff who are available between 08h00 and 16h30 Mondays to Fridays.

Tel: 033-260 5176

6. Fines

Overdue ILL books will cost R5.00 per day per book.
